

Scrip Talk[®]

S T A T I O N

Take 2 pills
twice a day...

Audible Prescriptions

Do you have trouble
reading your
prescription labels?

Now there is a solution!

How does it work?

The pharmacy will attach a small electronic tag or talking label to your prescription container. It contains the same data that is on the printed label.

Place the container on the ScripTalk Station Reader and hear the label information spoken aloud.

What does it cost?

As part of En-Vision America's **Pharmacy Freedom Program**, the ScripTalk Station Reader is supplied on loan to patients at no cost. This is a  free program!

How do I get talking labels?

Talk to your pharmacist today about using ScripTalk.

They can help you get started with talking labels!
