

To whom it may concern :

My name is José Hughes and I want to let you know how living in an Oxford house has help me to become a better person.

Living in an Oxford house has given me the opportunity to live a better conductive life in society. I use to use drugs for over 35 years. I use to go back and forward into carceration. And I use to be homeless all behind my drug addiction.

Not only have living in an Oxford house has provided me with a roof over my head, it also provided me with information and resource to help me to overcome my drug addiction.

I now have two jobs. I don't use drugs anymore and I'm saving up all my money so I can own my own house. And all of this was done only because living in an Oxford house has given me the opportunity to do so.

I thank God, for Oxford houses. Because without them who know I might be still out there doing all those old things I use to do.

José Hughes, José Hughes.
