Meth master, that is what I was & one shot away from being one again. I'm 68 years old, prison 3 times, married 6 times. I don't have another run in me. The Oxford house, Landmark, keeps me in check! I know my fellow brothers would pull me up, & put me out. Monday house meetings & chapter meetings, in a group is keeping me from doing another run. Got covid & pneumonia, fell behind on everything! I work now at Dollar Tree & keeping in a good path thanks to the 'Oxford Houses' structure!

Thank you
Gregg
